Dhakshayini
Monika

Facilitator name

ASHA N

AIKYAM Mentor coach names

1. Aarathi Sheshadri
2. David Gilson
3. Padma Sonampudi

What challenge does your project address?

- *About Women Safety*
- *In our local areas nobody will come up with their problems. We are tried to push up them. Women are facing so much of problems in their life it may be harassment, dowry, child marriage, inequality etc*

Why did the team select this topic?

- *Because if we took any news paper , we switch on the news channel mainly we are seeing the same thing means how the women are suffering in our country now a days also they don't have freedom to take decision, they are mainly suffering from harassment and abuse.*

How is this a real world problem or concern?

- Women safety in India is widely discussed everywhere. It has a major issue .women are neither safe outside nor at home. However, this fear cannot keep them away from any kind of social activity.
- Women safety is a crucial concern in India and a lot of organizations started working on it after Nirbhaya's case. Women should adopt some self defence tips and tricks so that it proves helpful during the worst sceneries for them.

Describe learning or discovery from the interviews or surveys?

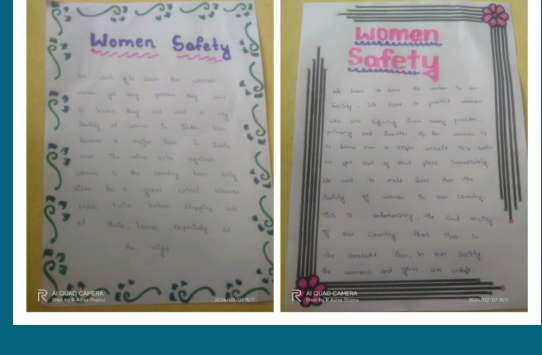

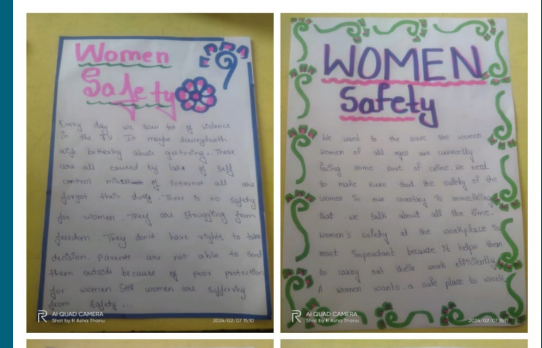

- We met some women and we explained about women safety and safety measures for them . We know that they also suffering so many problems still they are not open up.

How did the information you learned motivate you to act an impactful way?

- We heard about six year old was allegedly raped by school staff at an international school, Vibgyor high. The incident drew all round condemnation and a bandh was organized by Kannada organizations to highlight women's safety issues in the city. Its very sad to hear all of us because where is the humanity ? A very small child is raped by school staff shame on our part.
- Steps we need to take: self defence, raise the voice, never get afraid, be brave, stay strong etc...

Photos of team members in team formation and identification phase.

How are you planning for permanent change?

- It's a world wide problem if we need to control this type of problem means we only want to raise the voice first we want to tell about that women's helpline website, be aware of your surroundings, know about Pocso act , Nirbhaya Act.

How did your team influence others?

- We draw some drawings to influence them and while we visited their homes for campaign that time also we give instructions for them and we collect information about our nearest police station.
- Nearest branch located in : Kodihalli
- Name of SI : Sri Ravikumar
- Contact number : 080-27541240/948082862
